FAQs:

How does this work?

We will all join together and get our chapters written over this one weekend:

- Friday March 8th, from 5pm to 7pm EST
- Saturday March 9 & Sunday March 10, from 2pm to 6pm EST

This is a hands-on workshop. Block off the weekend, sharpen your pencil, and be ready for a writing intensive that will help you get it done, and done well.

What if I'm new at writing and have no idea where to begin?

Don't worry. The live coaching and collaborative approach will help you write one chapter. Remember, it is just one chapter. We now have SIX successful volumes.

"This has become one of the best experiences of my life." Chef Jill Sullivan became a #1 International Best-selling Author in Volumes One & Two. Jill is now working on her first book.

How does this help me if I already have a book I in the writing phase?

In one weekend, you will be on your way to being a published author. When Volume SEVEN becomes a best seller, your next book will say, "By the co-author of best-seller, "Rattled Awake: Volume Seven." Consider it a jumpstart to your name and a boon to all future marketing efforts.

What happens after I turn in my chapter?

Your chapter will:

1. Receive final edits: a professional editor takes over from here – just sit back and relax because everything else will be handled for you.
2. Be professionally-formatted
3. Be published on Amazon as an ebook
4. Then published as 5½" x 8 ½" paperback

The book:

The *Rattled Awake* cover design is already defined to become a series. Your color photo and name will appear on the back cover in a uniquely designed format. Lonnee is a concierge book producer and will deftly manage the multitude of moving parts inherent in creating a book readers love.

What if I'm not that great at social media. How will people know about me and the book?

Posting about your book always gets people excited for you. Customized photographic memes will be made for you to share the about your upcoming book on social media. Plus, the collaborative efforts of everyone in the group organically nets you expanded exposure.

How do I make money as a co-creator of the next best-seller?

1. Some authors offer a signed copy from their website, charging more for this version.
2. Resale – discount author's copy cost.
3. Speakers – perspective-shifts are a 🔥 topic and almost always the core message, which is what *Rattled Awake* is all about – it makes sense to sell the book at the back of your room.
4. Use it to get yourself paid higher speaking fees or charge more for your course.
5. Offer your chapter as a free download to build an email list you can monetize.
6. Get guest spots on podcasts. What's your dream podcast to be on? Your book is your vehicle.
7. Organizations need fundraisers. Ask Lonnee about future theme books, such as 'Moms on a mission.'

Are you ready to...

...move past the wads of paper in the corner?

...gain valuable knowledge you will use for the rest of your life?

...collaborate with others on a mission to serve?

One chapter. One weekend. A lifetime achievement in less than a week.
